TROUBLE ON THE V. & T. R. R.—Sunday morning the engine Virginia, drawing the six o'clock train, left the Tyler works it met with an accident that blocked the road for six hours. It seems that the rails were defective and overturned twelve loaded ore dumps. The yard-master at the Gold Hill depot, Tom Long, got his men promptly to work, and they worked with a vigor that done them credit. Yesterday morning, as the Washoe neared the Baltic switch, six loaded ore dumps were thrown off the track and three of them ditched. At 11 A. M. the track was cleared and everything is now running smoothly. The accident is attributed to a broken axle or pedestal.

INFORMATION WANTED.—Miss Ada Snider of Washington Court-house, Fayette county, Ohio, is anxious to learn the present whereabouts of her brother, Lawson P. Snider, who has been absent on this coast about eleven years. Also, George S. Cleveland of Minneapolis, Minnesota, is desirous of learning the present whereabouts of his son John B. Cleveland, who left Detroit, Michigan, for Montana, to purchase silver ore for the smelting works at Wyandotte, Michigan. The last letter had from him was dated at Virginia, Nevada.

CARSON EXCHANGE.—While in Carson we held forth at the Carson Exchange Hotel, conducted by Major Cobb, one of the best known landlords of the State, having for many years been in the same line of business. The exchange is large and roomy, elegantly furnished throughout, the table the very best, prices reasonable, the landlord whole-souled, the landlady amiable, the house centrally located, and deservedly patronized by the public. We shall go there again.

AMUSEMENTS.—First in order today is the grand shooting for turkeys, chickens and pigeons at the Mound House, at 9 A. M. At 8 P. M. the Social commences at the Golden Eagle Hotel, in Dayton. At the same hour the performances begin at Piper's Opera House, Virginia City. To each and all a cordial invitation is extended.

PROF. WRIGHT is teaching horse-breaking in Dayton. He says he will visit Silver City. We want him to try his hand on an animal that steals our exchanges and bores us on publication nights. We will pay the amount charged for teaching, if he will carry out the desire of this office in this respect.

SOME WRETCH in the form of a man left a buggy team hitched in front of a saloon on C street, Virginia City, for several hours during the storm of Saturday. It is supposed the team was from Dayton. We did not think there was a man in the county so cruel.

FIRE.—There was a fire Sunday morning at the Verandah House, Lower Gold Hill, caused by a defective stove-pipe. The alarm was given, but the flames were extinguished by streams from the Petaluma and Sapphire mills.

THAT WALK in front of Walter, Rosenthal & Co's is very serviceable at this time. Why don't others follow suit in this respect? They are the very kind of cross-walks for this place. Let us have more of them.

JOTTINGS AROUND US.

Scarlet fever is raging in Carson. A stage is running between the Mound House and Dayton.

Wood is seven dollars a cord in Reno.

All kinds of job printing neatly executed at this office.

There is a rumored strike in the Edgar, on Treasure Hill.

With fear and trembling the turkey steps upon the stage.

Our stores are putting on their holiday appearances.

Visit Piper's Opera House this week.

Jewett has the finishing of Mrs. Coats' lodging house.

Sunday night was the roughest of the season.

The flume of the Eagle mill, lower end of town, was blown down Sunday morning.

Carbolic acid is a disinfectant that is used beneficially in scarlet fever times.

The saloons of Eureka supply the composers of the "Sentinel" with hot Tom and Jerry.

Enlargement.—The Times will come out greatly enlarged and improved soon. Subscribe now.

They charge four dollars for keeping a horse over night at Panamint.

Dallas makes his regular semi-daily trips, rain or shine, between Dayton and Virginia City.

Our newly-elected Sheriff and wife are expected to arrive from San Francisco soon.

The shooting match at the Mound House promises to be largely attended. There is turkey for all who go.

They have commenced excavating for a new building next south of the Pioneer Assay Office. It will be occupied as a restaurant.

S. G. Whitney, long a compositor in the Times office, has taken up his residence in Virginia City. He takes water in his'n.

The mud at 9 A. M. was about two inches deep; at 12 M., three on a level; at sunset no sounding bottom.

When you go to Virginia City stop at the International Hotel. It is the only first-class hotel in that place.

Counterfeit half-dollars of the die of 1871 are in circulation in Eureka. The imitation is said to be a good one, well calculated to deceive.

If any one thinks that Old Boreas has friends in this country he is much mistaken, yet he comes and stays an indefinite period without invitation.

There is a demand for carpenters in town to-day, to place in position the numerous outhouses that were overturned the past two or three days.

Very little talk about going to Panamint from this part of the country. Our miners have the experience of former excitements in their mind's eye. They are content to let well enough alone.

The Silver House sets a good table and furnishes a splendid room; ditto the Barnum restaurant; ditto Meyer's; ditto Frett's private boarding house; and ditto the Sierra Nevada Hotel.

The road between this city and Gold Hill has been very much improved of late, by the Toll Company covering the road bed with waste rock from the mines. It is now passable where last year the mud was terrible.

We have been asked why we did not publish the arrivals at our principal hotels. Once for all let us assure the enquirer that they are too voluminous for our columns. It will do very well for second-rate towns and papers, but the Times can't spare the room.

Colonel Joe Nelson, the chief Clerk of the International Hotel, is ever accommodating and obliging, and never refuses to "smile" with his guests. The Colonel has a story about the Beecher-Tilton affair that is entirely new. Get him to tell it you when up town.

Brown & Mahanny of the "Post" are doing good job printing at low prices. This is not an invitation to our county people to have their work done there, but simply to remind Storey county merchants not to send their work away from home.

On and after Monday, October 12th, the stage for Glenbrook will leave the Ormsby House, Carson, on Mondays, Wednesdays, and Fridays, on arrival of the 10 o'clock A. M. train from Virginia. Returning will leave Glenbrook on Tuesdays, Thursdays and Saturdays, at 4 o'clock P. M., on arrival of the boat from Tahoe and Truckee.

Superintendent McDuffie keeps the Pioneer mill howling. Ditto Vinson of the Bacon and Trench. Ditto Solomon of the Kelsey. Ditto Chapin of the Hope. Ditto Kallmes of the Sherman. Ditto Lyons of the Devil's Gate. Ditto Briggs of the Excelsior. Ditto King of the Eureka. We might ditto a number of others if they were in our town or precinct.

NEW GOODS.—Mr. Isaacs, of the White House, left Saturday evening for the Bay, where he will purchase additional stock. The White House will not be outdone by any house in Virginia City.

HIGH WINDS.—Saturday night, the wind commenced to blow a stiff breeze, continued to increase during the night and Sabbath day, but got fairly at it during Sunday night, making frame buildings tremble, carrying stovepipes, awnings, signs and stove wood, as if it were but straw. Yesterday it slacked up, when it began to rain, which it continued to do most of the day. At this writing the black clouds indicate a still greater fall of rain, and it may change into snow before this item is read. At Virginia City and on the Divide, the effects of the storm were more severely felt, as two or three cabins were overturned, tin roofs blown off, etc. It was the heaviest storm experienced for many months—a genuine Washoe zephyr.

PIPER'S OPERA HOUSE.—"Built on Sand," written by Willie Gill, drew a large house last night. The Opera House troupe fully sustained their previous reputation for superior acting. The treble, Frank and Katie is grand beyond description. The flying trapeze, by the daring and intrepid Lottie, was the finest performance of the kind that was ever witnessed by a Nevada audience. The vocal entertainment by the Rickards we have not space at hand to speak of, but will say it was fully up to the great reputation of the company. The same performance to-night.

SUDDEN DEATH.—About 10 o'clock Sunday morning Sacramento Lopez died very suddenly at his residence, No 63 North C street. Virginia City. The deceased has been ailing for a long time, but has kept up and about. On Sunday he got up as usual and went to build a fire, when he was taken with a fit of coughing and expired almost immediately. The countenance of deceased was indicative of consumption. He was a man of some prominence in the Italian, being President of the Italian Benevolent Society and a leader in all the movements of his class.

It is said that if the London Times asserted one thing and holy writ its opposite, one hundred and forty Englishmen out of every one hundred and fifty would believe The Times. The majority of Englishmen will therefore take unquestioned this paragraph from their never-to-be-sufficiently-believed-in organ: "It gives occasion for some anxiety to know that when congress meets in December the new house will be controlled by a large democratic majority."

WELL DRY.—The well on Main street, at Harkin's blacksmith shop, at which a large number of families procure water, has taken a sudden offness, and refuses another drop. This is the first time it has failed in something like fourteen years. The cause of the sudden drying up cannot be conjectured. It is now being cleaned out, and may have to be sunk deeper before water is struck.

STOCKS.—An expert, one who has means of knowing whereof he speaks, says Belcher will pay a dividend this month, but not for the month of December, and that the value of her stock is now over-estimated. Again he says buy in the north end, as they are coming forward with a rush and that soon. Await the result of the prediction.

W. R. RISON, Odd Fellows Building, Gold Hill, is now receiving and opening the finest stock of Crockery, Glass and Chinaware that ever came to the State. Choice Family Groceries a specialty. Goods delivered FREE to all parts of Gold Hill, Silver City and American Flat.

HOME.—J. Briggs, of the Excelsior mill, returned from California on Sunday. He says the country hereabouts does not present as inviting an appearance as it does around San Jose, yet he is glad to be home again.

HIGH GAMBLING.—Ned Reddy is said to have won \$20,000 in one night at Panamint, playing poker. The incredible part of the story was that he sent the money to his wife at Lone Pine. That is entirely too thin.

VIRGINIA SEWING MACHINE AGENCY.—Ten dollars per month secures a Wilcox & Gibbs, Howe, New Wheeler & Wilson, Domestic Home and Home Shuttle. Call on Mrs. M. A. BEARDSLEE, No. 86 South C street, next door to A. M. Cole's drug store.

OUR reporter visited Dayton yesterday, but couldn't find an item worthy of note. The good people of that place were housed in warm quarters.

WEBB & MULLARD are accumulating lumber very slowly at their yard in this city. Must stop selling or run an additional train to the switch. They sell too much.

WILL RETURN.—Louis Goldstone is expected to return from San Francisco to-morrow morning.
